D E A R R E C R U I T I N G R E P R E S E N T A T I V E ,

To keep abreast with today's fast paced technological changes at all levels of operations, organisations require, more than qualified individuals, but also off-the-shelf skills to help them adapt more quickly. As a computer science graduate, I present to you my dedication, determination, hard work and passions for the things I do.

My interests in accountabilities began when I realized my ultimate potential in acquiring and applying organizational skills in my every day and working lives;

- I believe in the possibilities brought forth by technology. I aspire, with my utmost potential, to use the ultimate capabilities of technology to improve the way people, societies, and enterprises carry out everyday operations.
 - I worked with a university Enactus team where my role was to develop a website prototype for online taxi booking.
 - I helped develop a program that helped speed up the analysis of more than 10 000 tweeter data for a research project.
 - Attended MTN ICT Challenge Bootcamp – received training on Design Thinking Approach to software development.
- My IT Skills include: Web, Software, and Mobile Application Development, Databases, Data Warehousing and Data Mining, Computer Hardware and Networks, Information Security and Digital Forensics.
 - **Proficient in:** C#, ASP.NET/.Net Core MVC, CSS, Visual Basic, MSSQL (ADO.NET, N-Tier Architecture, Entity Framework), Oracle.
 - **Familiar With:** IIS and Kestrel, Python, Java/Android, JavaScript, Bootstrap, SQLite, Data Warehousing, Tableau, PowerBi.
 - **Aware of:** Design Thinking: A solution-based approach to problem solving/software development.

I believe that my involvement with the diverse technological, human, and business needs has enriched me with the necessary skills and knowledge that are transferable to organisational experience, and to make me competent to deliver to organisational needs.

Please find enclosed, my curriculum vitae for further considerations. I am available to start immediately. I can be contacted at all times through the contact details provided above. Thank you for your time in advance.

Sincerely, Sithembiso

Sithembiso Malindisa
